

Participation Agreement for the Spherical Easel Project

As a student enrolled in the project offered by the Project Sponsor Nans Dulimarta ("Projects") at the College of Computing, Grand Valley State University ("University"), during Winter semester 2025, I understand that I will have the opportunity to be involved in a project sponsored by Nans Dulimarta, henceforth referred to as the sponsor. In consideration of being permitted to participate in this unique and valuable educational experience and project, I agree for the benefit of, and enforcement by, the sponsor as follows:

1. That all discoveries, inventions, copyrighted works, computer software, trademarks, research results, or other tangible work ("Intellectual Property") conceived, invented, authored, or reduced to practice by me or my product development team during, or as a result of, my participation in the project will belong to the sponsor, and are considered works made for hire. I hereby assign all my right, title, and interest in and to such Intellectual Property to the sponsor. I agree to promptly disclose such Intellectual Property to the sponsor and to reasonably cooperate with the sponsor in identifying and protecting such tangible works including, where necessary, signing papers required to obtain patents or copyrights.
2. That I am now under no obligation to any person, organization, corporation, or other entity with respect to any rights in Intellectual Property that is, or could reasonably be construed to be, in conflict with this Agreement, nor will I enter into such an agreement.
3. I understand that this agreement is a condition of my participation in the project and covers the entire term of project related activities. I understand and agree that my obligations of confidentiality and cooperation will continue for two (2) years after project completion as to Intellectual Property created and Confidential Information received during the project.
4. I understand that I may, as a result of my participation in the project, visit the sponsor's facilities. I agree that, should I visit such facilities, I will at all times comply with the sponsor's rules and regulations which are communicated to me and will display respectful, acceptable behavior. I agree that I am performing as an independent contractor and not an employee of the sponsor.
5. I agree to retain in confidence all information and technical data received from the sponsor or derived from information received from the sponsor during my participation in the project. I will not disclose any such information and data to others without first obtaining the written consent of the sponsor. I also agree to retain in confidence any Intellectual Property covered by paragraph 1 of this agreement. I understand that such confidential information may include, but not be limited to, business operations, proprietary product information, pricing policies, marketing plans and techniques, equipment, formulae, systems, customer lists, trade secrets, and any confidential legal and business information.
6. That my right to publish theses, dissertations, or scholarly articles based upon my participation in the project is subject to the sponsor's right of prior review of my manuscripts. The sponsor's review prior to publication will be to ensure that no proprietary information or premature disclosure of patentable

Participation Agreement for the Spherical Easel Project

As a student enrolled in the project offered by the Project Sponsor Will Dickison ("Projects") at the College of Computing, Grand Valley State University ("University"), during Winter semester 2025, I understand that I will have the opportunity to be involved in a project sponsored by Will Dickison, henceforth referred to as the sponsor. In consideration of being permitted to participate in this unique and valuable educational experience and project, I agree for the benefit of, and enforcement by, the sponsor as follows:

1. That all discoveries, inventions, copyrighted works, computer software, trademarks, research results, or other tangible work ("Intellectual Property") conceived, invented, authored, or reduced to practice by me or my product development team during, or as a result of, my participation in the project will belong to the sponsor, and are considered works made for hire. I hereby assign all my right, title, and interest in and to such Intellectual Property to the sponsor. I agree to promptly disclose such Intellectual Property to the sponsor and to reasonably cooperate with the sponsor in identifying and protecting such tangible works including, where necessary, signing papers required to obtain patents or copyrights.
2. That I am now under no obligation to any person, organization, corporation, or other entity with respect to any rights in Intellectual Property that is, or could reasonably be construed to be, in conflict with this Agreement, nor will I enter into such an agreement.
3. I understand that this agreement is a condition of my participation in the project and covers the entire term of project related activities. I understand and agree that my obligations of confidentiality and cooperation will continue for two (2) years after project completion as to Intellectual Property created and Confidential Information received during the project.
4. I understand that I may, as a result of my participation in the project, visit the sponsor's facilities. I agree that, should I visit such facilities, I will at all times comply with the sponsor's rules and regulations which are communicated to me and will display respectful, acceptable behavior. I agree that I am performing as an independent contractor and not an employee of the sponsor.
5. I agree to retain in confidence all information and technical data received from the sponsor or derived from information received from the sponsor during my participation in the project. I will not disclose any such information and data to others without first obtaining the written consent of the sponsor. I also agree to retain in confidence any Intellectual Property covered by paragraph 1 of this agreement. I understand that such confidential information may include, but not be limited to, business operations, proprietary product information, pricing policies, marketing plans and techniques, equipment, formulae, systems, customer lists, trade secrets, and any confidential legal and business information.
6. That my right to publish theses, dissertations, or scholarly articles based upon my participation in the project is subject to the sponsor's right of prior review of my manuscripts. The sponsor's review prior to publication will be to ensure that no proprietary information or premature disclosure of patentable

material is published without the sponsor's consent. I understand that I may not use the sponsor's name or the names of any of its employees in connection with such publications without the sponsor's prior permission, which can be withheld or permitted at the sponsor's sole discretion.

I agree to remain compliant at all times with all U.S. export control regulations, including but not limited to the International Traffic in Arms Regulations and Export Administration Regulations. In the event that sponsor wishes to provide export-controlled goods, software, services, or technical data during the course of activity under this Agreement, I agree to immediately notify GVSU's Office of Research Compliance and Integrity. I agree not to accept export-controlled goods only after GVSU's Office of Research Compliance and Integrity has furnished written confirmation that GVSU is prepared to accept delivery of such items.

This Agreement replaces all previous agreements or understandings relating to my participation in the project that I may have entered with the University or the sponsor. It may not be modified or terminated, except in writing signed by Senior Project Coordinator of the GVSU College of Computing and approved in writing by the sponsor. Discharge of my responsibilities under this Agreement will be an obligation of my executors, administrators or other legal representatives or assignees.

The provisions of the Confidential Research Information Act [M.S.A. 15.2090], Public and Local Acts of Michigan 1994, 390.1551 shall apply.
