

Introductions: 5 Mins

- Who are we, and what are our technical strengths or interests?

Sponsor Introductions:

- Who are the project sponsors?
- What are their roles and relationship to Spherical Easel?

Project Summary (Wyatt): 10 Mins

- How would you describe Spherical Easel in your own words?
- What is its primary purpose?
- Who are the primary users?
- What experience level should we assume users have?
- What are the main goals of this project?
- What is the biggest problem new users currently face?
- Which features are most important for new users to learn?
- What would you like users to accomplish after completing the tours?
- What would make this project successful by the end of the semester?

Project Processes, Methodology, Roles and Logistics (Ben): 10 Mins

- How should we divide the work between team members?
- Explain our two-week Scrum sprint schedule.
- How often should we meet with sponsors?
- What day and time works best for a recurring meeting?
- Should meetings be in-person, virtual, or both?
- What is the preferred communication method between meetings?
- Are there important deadlines, phases, or milestones we should know about?

Tour System, UI / Design (Sam): 10 Mins

- Which features should the first tours focus on?
- What are the highest-priority tours?
- Do you have specific tours or scripts you would like us to create?
- How should the tour respond to incorrect actions?
- Should tours provide hints or additional instructions?
- How much should we change the existing interface?
- Should we focus on functionality, popup design, or both?
- Should popups highlight specific buttons or areas?
- Are there existing design guidelines or components we should follow?
- Are there examples of tutorial designs you like?
- How closely should the tours resemble the Desmos help tours?

Questions & Answers: 10 Mins

- What questions still need to be answered?
- What questions do you have for us?
- Is there anything important we have not discussed?
- Is there anything you would like us to research before the next meeting?
- Summarize Key Points and Action Items:
- What decisions were made?
- What information is still needed?
- What tasks should the team complete before the next meeting?
- Who is responsible for each task and when is it due?
- Establish a recurring weekly meeting if possible.
- Confirm the date and time of the next meeting.

After the Meeting: 5 Mins

1. Write a full meeting summary.
2. Document decisions, action items, risks, and constraints.
3. Share the meeting summary with the sponsors.
4. Update the project wiki with the meeting notes and recording.
